2017

Johnson's Transmission is proud to announce, we will be giving away another car this year with Wheels to Prosper. 2017 will make 4 years we have been blessed enough to do this. The date for our give away will be 12/8/2017. All entries must be in by 11/24/2017. A lot of you know what is going on but for those of you who do not, you must nominate, or you need a nomination to win this vehicle. You need to write us a letter letting us know why the person you are nominating deserves the car. What do they do to stand out among anyone else making them more eligible to win the car. Once your letter is received, it is then sent to each individual judge to make their decision on who should win. Once the decision has been made you are contacted and then it is up to you to contact the person and get them here on 12/8/2017 without letting them know what is going on. Then the winner will be announced at 3:00pm. We also need you to include in this write up: your name, address, and phone number, the person you are nominating name, address, and phone number, plus at least 2 references to verify this person eligible. You may get these letters to me via mail, email, or fax. There will be no nominations given or taken over the phone, only mail, email, or fax.

During our car give away, we also have Customer Appreciation Day. This is for all of our customers to come out eat, fellowship, and enter to win door prizes. Several door prizes will be given away plus, we will be giving away another big prize besides the car. Jerry and several of our vendors will be giving door prizes for our lucky customers that attend that day. So, with that being said, make arrangements now to come and join us on 12/8/2017 for fun, fellowship, and lots of prizes. Fun begins at 1:00pm- until.

Thank you,

Michelle Wood
